Our new website is up and running. We now have both a public area and a members only section. In the public access section we have general club information, an application and our calendar. The members only section includes a .pdf (Adobe Acrobat) copy of the newsletter (starting this August), a membership directory, and a list of board members and their contact information.

To access the members only area from the website you must be a DSC member;

Username = FirstnameLastname (all run together, no spaces, capitalization DOES MATTER)

Password = FirstnameLastname (all run together, no spaces, capitalization DOES MATTER) – up to the first 10 characters.

Example = John Q. Snowboarder would be user name = JohnSnowboarder and password = JohnSnowbo.

When you first log in as a member, you will see there is the opportunity for you to change user name, password, mailing address, phone numbers and email address by clicking on "Edit Your Profile". If you have an email address listed, you can request the system send you your username and password in the future, should you forget what it is.
