## Something New This Month:

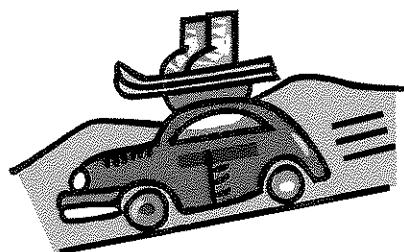

### Google Group - Tri-cities snow trips group

Great snows in the mountains need a report? Feel like going for a slide? Like to see who else in the club is out and about? Maybe find some buddies to ride with and even car-pool? If so, post a message ...

(<http://groups.google.com/group/3cities-snowtrips>)

Access to the group on the web requires a Google Account. If you don't have a Google Account set up yet, you'll first need to create an account before you can access the group.

The idea is that all members can post messages to the group when they are going for a day trip, looking for someone to ski with, car pool, etc. A link to the Google Group is posted on the "Links" section of the website. This is not part of the "Member's Only" area, but can be seen by all..... It provides the latest snow reports, etc., we're hoping this might help attract a few new members if they see they can easily hook up with people to ski with, as well as meet people in the club and go on trips. Thanks Ian for setting this up for the club. Ian will be talking more about this at the November 1<sup>st</sup> General Meeting so be there to get hooked up.
